

Electors of Westminster.

IN a just—in an honourable Cause, ye will be crowned with Success. The Opponents of LORD HOOD are pushed to their last Stake—THE BLUDGEON—But the Bludgeon must be laid down, and those honourable and Right Honourable Men who head the BLUE and BUFF Mobs submit to the LAW.

The noble Stand you make against one of the most desperate and unprincipled Factions that ever disgraced this Country, will be an Honour to the City of Westminster that no Time can efface—You are supporting VIRTUE against *Vice*—TRUE VALOUR in opposition to *false Heroism*—You are giving the Majority of your Suffrages to the Conqueror of MEN—not to the Subduer of *Women*—to an approved HERO—not to a *professed Libertine*—you are placing in the Senate a VICTORIOUS ADMIRAL of Great Britain, who is the PRIDE of your Navy, and the IDOL of every honest Tar—you are not sending to the House of Commons a wretched *Tool of Party*, whose only Honour is being Son to a Peer—whose only Exploits are *successful Adultery* and *shameless Fornication*.

Persevere then with Sincerity—and conduct yourselves with calmness and Prudence—there can be no doubt of your Success—the Majority of honest Votes is clearly on your Side, and your Enemies know it. Their Force is exhausted: for who is he, except he is a Man lost to all Sense of Shame—to every Feeling for public, for private Virtue, and a declared Foe to all which regards the Honour and Welfare of his Country,—THAT WOULD GIVE HIS VOTE TO *Lord John Townshend*.

What has *Lord Townshend* to recommend him to your Choice?—His *public* Virtues have no Existence but in the Name of his Ancestry—His *private* Actions are indeed recorded in *Doctors Commons*—and on the Journals of both *Houses of Parliament*—ACTIONS that have broke through the strict Commandments of his *God*—the sacred Ties of *Friendship*, and the *Holy Bonds of Wedlock*—ACTIONS that should make you detest, abhor, and shun him—ACTIONS only to be APPROVED by the ATHEISTICAL FACTION, of which he is a sworn Member.

Reject him, therefore, as the most dangerous Enemy to your Happiness, that could sit in Parliament—Reject him, as a Character unfit for any honest Society, and continue your Suffrages to that Man, who is the Friend of Virtue, and the true Supporter of all that should be dear to Englishmen.

THE GHOST OF CHATHAM.
